**Current Business**

The Community Preservation Committee provisionally approved our application of funding for our Sawmill Brook Video project at their meeting on Dec. 1st, pending a vote at Town Meeting on April 1st, 2019.

This meeting was devoted to the discussion of this project with our documentary filmmaker Perry Hallinan. Our members provided him with some historical information we have gathered, and he suggested that we work on drafting a script that would reflect the points we wish to get across in our video. Chair Lamothe suggested that each of us bring "bullet points" to our next meeting on March 18, and then a draft could be ready by a meeting with Perry on April 8th, following the Town Meeting vote. If the project has been formally approved, Perry will then shoot more video and stills from the ground to add to our drone footage (which he will be editing). We discussed other additions and improvements to the existing rough drone video.

**Next meeting: Monday, March 18, 2019 at 7:15 p.m.**

**Following meeting: Monday, April 8, at 7:15 p.m.**
