

**Minutes from the Winthrop Field Committee Virtual meeting March 6, 2021**

**Present: Chair Mike Chapman, Sue Thorne, Tony Leggett, Jim Moroney, Gar Morse, Mike Carvalho, and Consultant, Ben Rossi**

**Absent: Matt Brzezinski**

**Mike called the meeting to order at 9:00.**

**Minutes from the January meeting were approved and Sue will file with Town Clerk. There are no minutes for December or February as we did not meet in those months.**

**Mike reported that our budget numbers are good. Due to field conditions we did not do a second cut, the pond well head did not need attention, the cattails did not need clearing—all helping to keep our numbers looking healthy!!**

**Mike is meeting with Andrea to finalize the RFP for the mowing bid. It was agreed to stay with a 3 year contract approach.**

**Drain clearing needs additional work especially in the western area of the field. We also need to get onto the Senecal property to do clearing of the brook. The current situation of poor draining in that area of the brook causes back up and threatens flooding in the field.**

**Next meeting was set for April 10 at 8:30 at the Jersey Lane Gate. No more Zooms!!**

**Respectfully submitted**

**Sue Thorne**

*Approved April 10, 2021*
