That space will remain as existing use as will first floor garage and rear work shop. The remaining scope of work will include as previously discussed a new roof eliminating sky lights, all new windows, trim and siding to match existing. We will also replace and repair any rotted or damaged trim, siding, sheathing and sills as needed. Interior floors will be repaired and or replaced as needed. The barn doors will remain as is but will be restored to match. The foundation piers will also be rebuilt to match existing as needed and shown on plans as well as new concrete retaining wall and cobble stone apron. New footings for new deck as shown on plans. The electrical work will include new 200 amp service which will re-feed the main house and eliminate one meter. New meter will be relocated at right side closest to street as discussed with power co.. Electrical inspector was also included in plans to move meter and main power off of tree and directly from pole to left of Barn. All new wiring, lighting, etc... will be as needed to code. There will be no new use of building nor any plumbing. This is mainly a	R. PRESTON WARD GENERAL CONTRACTOR, INC.	\$144,220.00	\$865.32
