

ADDENDUM #1

AWARDING AUTHORITY: Town of Manchester-By-The-Sea, MA

PROJECT: Supply and Delivery of Coated Steel Pipe Piles
for Tuck’s Point Public Dock Improvement Project

DATE: April 29, 2021

TO: All Bidders

CONSULTING ENGINEER: Foth Infrastructure & Environment, LLC
15 Creek Road, Marion
MA 02738

The following items shall be modify or added to the Invitation for Bid (IFB). This Addendum forms part of the IFB and modifies the original bidding documents. Portions of the IFB not altered by this Addendum remain in full force.

This Addendum for part of the IFB and as such, **ALL BIDDERS SHOULD ACKNOWLEDGE IT ON THE BID FORM PROVIDED IN THE IFB. FAILURE TO DO SO COULD RESULT IN THE REJECTION OF YOUR BID.**

Notice is hereby given to any and all plan holders of record with the Owner for the project herein captioned “**Supply and Delivery of Coated Steel Pipe Piles for Tuck’s Point Public Dock Improvement Project**”, Owner of record being the Town of Manchester-By-The-Sea, MA, of the following amendments to the Contract:

I. INVITATION FOR BID

SECTION I– GENERAL INFORMATION AND BID SUBMISSION REQUIREMENTS

Documents, Intent, Execution, Correlation:

DELETE the following: Sealed bids will be received by the Town of Manchester-by-the-Sea, MA until Monday, **May 3, 2021 at 2:00 P.M. local time**, at which time the bids will be opened and publicly read. No bid received after the date and time established herein for the opening of the bids will be considered.

REPLACE with the following: Sealed bids will be received by the Town of Manchester-by-the-Sea, MA until **Thursday, May 6, 2021 at 2:00 P.M. local time**, at which time the bids will be opened and publicly read. No bid received after the date and time established herein for the opening of the bids will be considered.

SECTION II – DESCRIPTION AND INSTRUCTIONS TO BIDDERS

Technical Specifications:

Section 31 62 16.13 Steel Pipe Pile Procurement provided in Attachment A of the IFB shall be replaced with the revised specifications dated April 29, 2021 and attached herein.

Delivery:

This section of the IFB shall be revised and replaced with the following: Delivery of the product shall be made to the Town of Manchester-By-The-Sea, Gravelly Pond Water Treatment Facility located at 2000 Pipeline Road, South Hamilton, MA 01936 and must be performed by bidder of this project. Delivery shall be made no later than **September 1, 2021**. Charges pertaining to delivery, to avoid any/all damages to the gangway are to be included in the total bid price. Delivery shall be taken by the Contractor selected by the Town to install piles. The Bidder shall be responsible for the scheduling and coordination of the delivery of the piles with the Town-selected Contractor. The Town DPW shall be notified at least three business days in advance of delivery.

BID FORM

The bid form issued with the IFB shall be replaced with the revised Bid Form dated 04/29/2021 and attached to the Addendum herein.

II. RESPONSE TO PLAN HOLDERS WRITTEN QUESTIONS:

All written questions submitted by interested bidders are presented below in *italics* followed by a response.

- 1. If you end up with a bidders list at some point and wouldn't mind forwarding that as well it would also be very helpful. This may not show up on the usual circuit, so it's hard to know who to send quotes to without a bidders list, not every contractor up that way will know to reach out to me for price.*

RESPONSE: A complete list of plan holders is available on the Town website: <https://www.manchester.ma.us/629/Bids-Quotes-and-Proposals>

Attachments (2):

**SECTION 31 62 16.13
STEEL PIPE PILE PROCUREMENT
(Revised: 04/29/2021)**

PART 1 – GENERAL

1.01 DESCRIPTION OF WORK

Work Included: The work covered by this section of these Specifications consists of furnishing and delivering steel pipe piles in strict accordance with this Section of the Specifications and the applicable Drawings and subject to the terms and conditions of the Contract.

1.02 SUBMITTALS

1.02.1 No later than the time of delivery of materials to the site, submit steel certificates for review.

1.03 PRODUCT DELIVERY

The Supplier shall notify the Town at least three (3) business days in advance of delivery of steel piles. Supplier guarantees that steel piles shall be handled in such a manner as to not induce stresses which will damage the materials delivered to the designated materials site as described in the Invitation for Bid (IFB). Delivery shall be coordinated and received by the Contractor selected by the Town to install piles.

PART 2 – PRODUCTS

2.01 MATERIALS

The steel pipe pile size and material shall be as specified on the Contract Drawings or equivalent as accepted by the Engineer. Steel material shall be ASTM A252, GR 60 ksi. Pile length shall be as shown on the Contract Drawings and as described in the IFB.

Pipe piles shall have a minimum wall thickness as noted on the Contract Drawings, and not less than 0.625 inches with a minimum yield of 60 ksi.

Handle piles carefully, without sudden dropping or excessive bending and/or damaging of coating.

2.02 SPLICES

2.02.1 No more than one shop splice per pile.

2.02.2 No splice in lower 40 feet of pile.

2.02.3 Both upper and lower sections of pipe ends shall be smooth, square and flat prior splicing.

2.02.4 Splice shall develop full bending capacity of pile.

**Supply & Delivery of Coated Steel Pipe Piles
Tuck's Point Public Dock Improvement Project
Town of Manchester-by-the-Sea, MA**

2.03 PROTECTIVE COATING

Piles shall be shop coated, on outer surfaces only, excluding the bottom 10 (ten) feet which will be socketed into bedrock as shown on Contract Drawings and specified in Section 09 97 13.26, Coating of Steel for Waterfront Structures.
