## **Scams to be aware of**

**Health Care/Medicare/Health Insurance Fraud**-Every U.S. citizen or permanent resident over age 65 qualifies for Medicare, so there is rarely any need for a scam artist to research what private health insurance company older people have in order to scam them out of some money.

In these types of scams, perpetrators may pose as a Medicare representative to get older people to give them their personal information, or they will provide bogus services for elderly people at makeshift mobile clinics, then use the personal information they provide to bill Medicare and pocket the money
